SPRINGFIELD

C. H. MOWRY,
PROPRIETOR.

Nantucket, Mass., June 11th 1893.

My Dear Friend,

Yours received quite a long time ago from Louisa, but have not been able to spare any time for correspondence until now.

I am so glad that you were wise enough to take advantage of even a small respite from work.

I trust you are feeling much better, and able to face the rush and worry of the last few weeks.

Ask Nettie to send me one of her programmes, provided she has plenty to spare, I should be so interested in following her commencement exercises. How delightful

it will be to have you all at
home next year, we shall be
real neighbors, shan't we, —
and come to see each other more
~~than~~^{often} semi-annually as of yore.

Do you expect to bring friends
home with you to see the "Fair"?
Leicester expects to bring Charlie
Howard, his Brooklyn friend,
home with him, he will get home
about June 30th, We leave here
about " 22nd, arriving home
Sat " 24th but shall
probably leave Mama at Amherst
on our way as she hopes to stay
a week with Lex, there, and
come home with him; So
Ernie and I will get home
and get things running before
she comes. Poor Mama
has suffered a great deal while

we have been from home. She
is better only temporarily, when
very severe measures are taken
(Will continue later, it is time
for Church)

Grace

The weather is perfection here, now,
so warm and mild, I am reaching
in great fields of ~~Marigolds~~ ^{Marigolds} Daisies
and golden Buttercups; they call me
the ~~Flower girl~~ ^{Flower girl} down here, I am so fond
of dressing myself up in wild flowers
And then the beach with its miracles
of creation in the shape of exquisite
shells and star fish. I am going to
bring you home some, for the Agassiz
bbs.

And now Goodbye, Clarence.
I hear nothing of where the old
people have moved to - are they
comfortable?

Best regards from Mamma
and Papa

Sincerely Your Friend
B. J. Emerson
